Input Forms Label Reference for Copilot Settings - Admin Panel

Purpose: This article lists each field and button on the page with a short description.

Input Forms Label Reference

- **Select Organization**. Choose which organization’s Copilot you are editing.
- **Copilot Number**. Read only. The phone number associated with this Copilot.
- **Label**. Editable. Internal name for the Copilot.
- **Language**. Read only. The current language of the Copilot.
- **Default Greeting**. Editable. The standard message for inbound callers.
- **Edit**. Enables editing of the fields in the Copilot section.
- **Add Holiday or Temporary Greeting Override**. Opens the override panel.
- **From**. Start date and time for the override to become active.
- **To**. End date and time for the override to stop being active.
- **Greeting**. The message that will play during the override window.
- **Cancel**. Discards changes in the override panel.
- **Save**. Saves changes in the override panel.

Tips and good practices

- Treat **Copilot Number** and **Language** as fixed settings on this page.
- Use **Edit** before changing any editable field.
- Save often when working near busy times so changes are not lost.
